Stewardship is a practical acknowledgement that everything we have is a gift from God. It is a Christian's response that moulds how we live our lives in the use of our time, talent and treasure.

Christian stewards live with trust in God's loving providence, care responsibly for all God's gifts to them, and share justly and fairly with the Church and others, especially with the less fortunate. Stewardship is an attitude of gratitude for these gifts which is expressed in prayer, worship, giving and action by eagerly sharing our gifts of time, talent and treasure out of the love of God and one another.
